Excerpt from Salvation Army Music

Certainly there will be found here every possible variety. The music that has been composed by our own people indicates, I think, clearly enough that we can and do appreciate the sweetest. And purest melodies, while other favourites prove the high value we set on the great and moving harmonies that have come down to us even from the remotest times. It will be seen also that we have not hesitated to adopt strains such as have seldom before been associated with God's service. In no small degree by our own action, it is no longer needful, thank God, to defend the use of what once has been a popular tune of the world for the glory of the world's Saviour.
