What Are Polygons?: Reason with Shapes and Their Attributes (Math Masters: Geometry) Dorian Long

Shapes are everywhere, and understanding geometric properties is an essential part of math education. A comprehensive introduction to geometry is told through relatable narratives and real-world situations, teaching readers how to recognize geometry in everyday life. Engaging visuals and age-appropriate content work together to reinforce complex math concepts. Math students will learn how to recognize and draw their own polygons through this exciting narrative. This volume meets CCSS Math Standard 2.G.A.1.
