Aliens at My Fingertips: Real Meetings with Strange Beings (True Encounters series) (Volume 4)

Sayward Ayre

The author recounts three experiences from her life which have led her to believe she has come in close contact with Aliens. Each event and type of 'Being' was significantly different, implying there may be a wide variety of extraterrestrial Aliens actively engaged with people on Earth. After relaying each story, the author discusses current knowledge on the nature of that subject, in an attempt to better understand and explain the unusual encounter. She reaches back to Egyptian art and up to recent U.S. government projects to support the idea that there may be much more happening on Earth than The Powers That Be want us to know.
