Poets of Brazil: A Bilingual Selection (BYU Studies Monographs)

Poets of Brazil: A Bilingual Selection (BYU Studies Monographs)

The first bilingual anthology of Brazilian Poetry to cover its entire 500-year-long history, this book drew the following comment from Yale's expert in world literature, Harold Bloom: Poets of Brazil: A Bilingual Selection is the only book available that gives these poets to us in both languages, Portuguese and American English. The choice of poets is remarkably inclusive and various and is particularly enlightening in the works of the twentieth-century Republic of Brazil. In particular, the representation of Manuel Bandeira, of the three Andrades and of Archanjo are brilliantly rendered. The quality of the introduction and notes is also estimable.
