From the composer: ""This book was written in the same format as 20 Modern Studies. Again, the pieces are of moderate length and cover a wide variety of styles. As the studies are technically demanding, they are all written in comfortable saxophone-orientated keys to allow the student to focus on interpretation. Each study is designed to improve the student's musical as well as technical abilities."" Musical styles presented range from classical to jazz to rock. Its ideal for developing musicianship and technique by way of accessible but challenging material. These studies make attractive performance pieces and are also perfect for contest and festival settings. For intermediate to advanced players.
