## **A History of the Later Roman Empire: From Arcadius to Irene (395 A.D. to 800 A.D) (Cambridge Library Collection - Classics) (Volume 2) J. B. Bury**

The classical historian J. B. Bury (1861-1927) was the author of a history of Greece which was a standard textbook for over a century. He also wrote on later periods, and, in this two-volume work of 1889, examines Byzantine history from 395 to 800. Arguing for the underlying continuity of the Roman empire from the time of Augustus until 1453, Bury nevertheless begins his account in the year in which, on the death of Theodosius I, the empire was divided into eastern and western parts, and Constantinople began to take on the metropolitan role formerly held by Rome. Volume 2, after reviewing Justinian's legacy, takes the history down from the accession of Justin II to the death of Irene in 803. Topics examined include civil strife, including the period of iconoclasm, and the increasing problems of maintaining the imperial borders against incursions from both east and west.
