Brand new traders all make the same mistakes over and over because they don't know any better, now you do. They do what everyone else is doing and study what everyone else is studying thus they have the same results and failures as everyone else. Don't be that trader! If you can just take the time to read this information in this book, think about it logically, let it sink in and then continue on your educational journey you will have done yourself a huge favor and also begun to give yourself the needed edge to succeed in the Forex business. I wrote this book for all beginning aspiring investors and traders who are just getting their head around doing the Forex day trading and swing trading business. Everyone has their own ideas of what they think day trading and swing trading are and what it can do for them. This book is for beginners and will detail many of the things that a brand new trader must learn not to do before they can become consistently profitable in the live markets. You can use this book and the references, suggestions and tips in it to go further into your educational studies of the markets and there dynamics. Knowing market dynamics is going to be critical for you to have the winning edge you will need to be a successful market participant. By studying what this book suggests you will not become one of the 97% of the sheeple of the herd. When you are done reading this book you will have an excellent basic explanation of what and what not to do before you even study anything or do any kind of education. The information in this book will put you on the fast track to becoming a successful self-directed investor and trader with very little money invested.
