Licking Our Wounds Elise D'Haene

Licking Our Wounds, Elise D'Haene's acclaimed debut novel, is the story of Maria, a young woman coming to terms with the complexities of life in the age of AIDS. Abandoned by her lover and faced with the deaths of her friends, Maria seeks help through Peter, HIV-positive and deeply conflicted about the choices facing him, and Christie, a woman full of her own ideas about truth and the meaning of life. **REVIEW:** A fresh, engagingly sarcastic and determinedly bawdy voice. D'Haene is blessed with a savvy, iconoclastic view of the world that is mordant but never mean. (Publishers Weekly)
