Improve Your Returns Process Employee Productivity David Mulcahy
The book ideas provide Catalog, Direct Mail & E-Mail, TV Market business directors, managers and supervisors with the ability to make their new or remodeled customer returns process activity line more cost effective and efficient. For a reader's easy, quick review and reference, the book ideas review customer order look-up table location, return position types, inventory control, routing patterns, return sort instruction, trash removal and other ideas. While working as a project manager, the author has applied many of these ideas to several return operations with excellent employee productivity, high completed returnr number and enhanced sku flow that all contributed to desired CPU and UPH.
