Everything but the Truth: An If Only novel Mandy Hubbard

Enjoy *Everything but the Truth* and the other standalone titles in Bloomsbury's contemporary If Only romance line centered around an impossible problem: *you always want what you can't have!*

Holly Mathews' mom is the new manager of a ritzy retirement home, and they just moved in, which means Holly's neighbors are all super-rich retirees. Still, it's not a total bust, because gorgeous, notorious Hollywood playboy Malik Buchanan is the grandson of one of the residents. Just one problem: when they meet, Malik assumes Holly's there to visit her own rich relative. She doesn't correct him, and it probably doesn't matter, because their flirtation could never turn into more than a superficial fling . . . right? But the longer Holly lives in Malik's privileged world, the deeper she falls for him and the more difficult it becomes to tell the truth . . . because coming clean might mean losing Malik forever.

For anyone who has dreamed of their own Cinderella story, this title in the If Only romance line is about how when it comes to true love, the best person to be is yourself!
