Being the best comes with consequences. She was the best thief Interpol ever tracked. When a job went wrong she had to make a deal with them to retain her freedom. The right hand man of one of the most powerful women in the city, everyone respected and feared him. Then after a costly mistake he was left with an unpayable debt. He went from being the right hand to the collared dog. When he was tasked with creating ties that could susequentially wipe his debt, will he get out of the frying pan and into the fire? Or will freedom remain unattainable?
