It's been over four years since the last release of Adobe PageMaker, and long-awaited version 7 is finally available! This page layout program now offers loads of new features, including a new simplified workflow with Adobe Photoshop and Illustrator, and added integration with popular business tools such as Microsoft Word, QuarkXPress, and more. PageMaker 7.0 also features integrated Portable Document Format (PDF) creation tools, as well as new data merge capabilities that use images and text exported from databases - enabling PageMaker 7.0 to assist in direct mail pieces, for example. PageMaker is ideal for educators, business professionals, small office/home office users, and anyone wanting to create professional-quality documents such as brochures, newsletters, flyers, business reports, and more. Adobe PageMaker 7.0 Classroom in a Book is a self-paced learning course in a hands-on workbook. It offers complete training based on real-life projects, organized by chapter. Practical, focused lessons are designed to fit into busy schedules and teach the ins and outs of PageMaker quickly and easily. This cross-platform book contains a CD-ROM with specially created files and images, so readers can work through the lessons and projects at their own pace.
