LSAT Logic Games Solutions Manual: Complete Solutions to All Analytical Reasoning Sections from PrepTests 1-50 (Cambridge LSAT) Morley Tatro

Perfect Practice Makes Perfect

The Logic Games are frequently cited as the most challenging and/or most intimidating aspect of the LSAT. They are also frequently cited as the most learnable portion of the exam. Without sufficient training, the average college graduate is ill-equipped to accurately answer the questions within the allotted time. In contrast, the Logical Reasoning and Reading Comprehension sections test skill sets which are readily used in undergraduate coursework, and they are typically easier to grasp in the initial stages of preparation. As the games have evolved over the years, they have become increasingly formulaic. With few exceptions, most recent games hinge on at least one of three recurring themes: ordering, grouping, and assignment. By practicing with official LSAT Logic Games, and consistently honing your technique, you can greatly improve both the accuracy and the speed with which you complete them. The solutions presented in this book illustrate that flexibility in solving the games is not only helpful, but also sometimes necessary. This book is the perfect complement to your Logic Games practice.

Includes

- o Complete solutions to the Logic Games from the first 50 numbered PrepTests
- o Solutions to the June 2007 Logic Games
