The Promise of His Appearing: An Exposition of Second Peter Peter J. Leithart

The Promise of His Appearing: An Exposition of Second Peter The second book of Peter has long troubled biblical scholars and interpreters. Not only has its authorship been disputed, but also its claims about the imminent return of Christ. In this study, Peter Leithart offers a preterist reading of the epistle, arguing that it describes first-century events and not the end of the world. At the same time, he maintains orthodoxy, avoiding hyper-preterism and affirming the epistle's authenticity. Leithart's accessible style and convincing arguments make a valuable addition to the study of the Bible's apocalyptic prophecies.
