**Orthopaedic Nursing (3rd Edition)** Ann Butler Maher, Susan Warner Salmond, Teresa Pellino

This comprehensive text provides the practicing nurse access to the physical, sociocultural, and physiological aspects of orthopedic nursing care and emphasizes up-to-date care for patients of all ages. The text takes a team approach to care for patients in various transitional healthcare settings. Pathophysiology and management modalities are covered in depth. Introductory chapters offer the fundamentals necessary to provide care to orthopedic patients with various diagnoses. The remainder of the book addresses orthopedic disorders categorized by physiologic processes. New evidence based content and outpatient care strategies have been added throughout the text and Internet resources are included at the end of every chapter. New chapters in the third edition explore genetics and wellness.
