Designed to help medical educators implement **better assessment methods, tools, and models** directly into training programs, *Practical Guide to the Evaluation of Clinical Competence, 2nd Edition*, by Drs. Eric S. Holmboe, Steven J. Durning, and Richard E. Hawkins, is a hands-on, authoritative guide to outcomes-based assessment in clinical education. National and international experts present **an organized, multifaceted approach and a diverse combination of methods** to help you perform effective assessments. This thoroughly revised edition is a valuable resource for developing, implementing, and sustaining effective systems for evaluating clinical competence in medical school, residency, and fellowship programs.

- Each chapter provides **practical suggestions and assessment models** that can be implemented directly into training programs, tools that can be used to measure clinical performance, overviews of key educational theories, and strengths and weaknesses of every method.
- Guidelines that apply across the medical education spectrum allow you to **implement the book's methods in any educational situation.**
- Expert Consult™ eBook version included with purchase. This **enhanced eBook experience** allows you to search all of the text, figures, videos, and references from the book on a variety of devices.
- **New chapters** on high-quality assessment of clinical reasoning and assessment of procedural competence, as well as a new chapter on practical approaches to feedback.
- Reorganized for ease of use, with **expanded coverage** of Milestones/Entrustable Professional Assessments (EPAs), cognitive assessment techniques, work-based procedural assessments, and frameworks.
- The **expert editorial team, renowned leaders in assessment**, is joined by global leader in medical education and clinical reasoning, Dr. Steven Durning.
- **New Expert Consult material** includes videos of medical interviewing scenarios and downloadable assessment tools.
