Escape from the Addiction to Pornography: A WAY OUT Anonymous

Since the gross and unethical misuse of our country's founding principles and our citizen's Bill of Rights by unregulated capitalism exists in the business of pornography, millions of male U.S. Americans are addicted to the spiritually denigrating and morally degenerating effect from the addiction to pornography. This book is provided, adopting most of the recovery and organizational principles of the fellowship of Alcoholics Anonymous as a way out for those wanting help. Because of the unrelenting biology of homo-sapiens' males to procreate from about the ages of 15 to 55, hormones continually course through their brains keeping them alert to every opportunity to mate. A look, a touch, a thought, etc. is all it takes to initiate sexual stimulation of their physiology. If for any reason, i.e. fear, rejection, etc. prevent a developing male from experiencing a customary fruition of satisfying their sexual needs, many forms of deviant mental obsessions and behavior can develop and progress. Compulsive masturbation and addictions to prostitution, strip bars and pornography are now very common to our capitalistic society which, in turn, can lead to very serious mental, emotional, social and financial problems. U.S. American males, in our colleges, in our military, in our high schools and in marriages are readily exposed and may be easily addicted to pornography. They no longer have to sneak into some porn shop or movie theatre, because the shop and the theatre are now in the home via the internet. And by far, the pornographic material is so greatly enhanced that anyone can access whatever stimulating degenerate fetish material they choose. The porno industry basically gives it away for free just to get consumers hooked. And because sexual arousal is so stimulating, a conditioned response habit for the rewarding feeling is inevitable no matter at what age a sexually developed man is exposed to it. This book provides "A Way Out".
