I Can Learn from You: Boys as Relational Learners (Youth Development and Education Series)

Michael Reichert, Richard Hawley

In *I Can Learn from You*, Michael Reichert and Richard Hawley—the authors of *Reaching Boys, Teaching Boys*—set out to probe deeply into the relational dynamics that help boys succeed as learners.

Drawing on interviews with students and teachers in thirty-five schools across six countries, they examine the particular ways boys extend and receive empathy—modes of interaction that remain consistent across a wide range of schools, teachers, countries, and cultures.

The book shows how teachers can help boys form productive learning relationships and how schools can support the development of teachers' relational capacities. At the heart of the book is the belief that educators must—and can—put relational teaching at the center of school life.
