Spinning Through the Universe Helen Frost
Engrossing tales from the fifth grade

*Every child is like
A little world with ever-changing weather,
Nights and mornings. And somehow, here we are,
Spinning through the universe together.*

Unforgettable students in this fifth-grade classroom reveal their private feelings about birth and death, a missing bicycle and a first kiss, as well as their thoughts about recess, report cards, fitting in, and family.

Using a rich array of traditional poetic forms, such as sonnets, sestinas, and acrostics, Helen Frost interweaves the stories of the kids in Room 214 and their teacher. A final section giving detailed analyses of the twenty-two forms will be of special interest.
