## **Doodle Yourself Smart...Physics (Doodle Books) Sonya Newland**

Physics is the science that deals with matter, energy, motion, and force. It's a subject that some students have trouble with, but it's crucial for understanding our world. Luckily, you don't have to be a genius to succeed. You just have to doodle yourself smart!

*Doodle Yourself Smart...Physics* includes more than 100 problems covering everything from the speeds of the planets in the solar system to the force on a tennis ball to the colors of the visible spectrum of light. To solve them, you'll need to relax your mind—and your hands—and begin to doodle in the spaces provided. You'll draw rays, circuits, waves, and more, and with an answer key and a list of useful equations at the back of the book, you'll never be stumped.

With *Doodle Yourself Smart...Physics*, you can let your pencil lead the way to scientific knowledge...and hours of fun!
