Dinosaurs Eye to Eye

Dinosaurs Eye to Eye

ZOOM in on the world's most incredible dinosaurs. Dinosaur fossils are amazing things to see and wonder at, but they only reveal a tiny fragment of the story. Even the brainiest dinosaur detective asks the same question: what would it have been like to see these creatures in the flesh, close up - and alive? Give your child a full-on, zoomed-in close encounter with the most amazing dinosaurs ever to walk, stalk, swim, or fly across the prehistoric planet. Every scale, fang, claw and beady dinosaur eye is shown here in stunning, ultra-realistic images that will make them feel like they're really there. They'll get a prey's-eye view of an Allosaurus; take a too-close-for-comfort peek at a Tyrannosaurus' bone-crushing jaws; and soar wing-to-wing with a Pterodactyl. Backed up by masses of dinosaur facts, maps, timelines and information, here's the dirt, the blood and the drooling saliva of dinosaurs - all very close up!
