*"Do you remember who you were before the world told you who you were?"*

Rarely do you come across a book that changes you forever. This is one of those very special, consciousness-raising texts. Far more than a self-help book, *Eco-Art Therapy - Creative Activities that let Earth Teach* is a self-help lifestyle. Chock full of stimulating quotes, inspiring pictures and restorative exercises, this manual provides unparalleled transformation.

The search to find ourselves can be a frustrating one. Many of us run in circles trying to find meaning in a world that often times seems all wrong. We try in vain to manage the symptoms of our troubles, but fail to understand the real problem. As this revolutionary book explains, the root of much of our discontent is the unreasonable difference between the way we learn to think and how Nature works. Though people are part of Nature and we inherit a love and respect for its purity, beauty, and perfection, we grow up in a society detached from its eons of sensory intelligence; we seldom include the genius of the natural world in our daily lives and thinking. To our great loss most of us are out of touch and out of synch with the regenerative and balancing ways of the Earth. This makes us strangers to ourselves. Tragically, we've lost sight of who we really are.

If you've ever spent time in a natural area or with a pet you know the power of Nature to heal. Dr. Sweeney blends art therapy with ecotherapy in a unique learning tool which gives you the means to anchor that feel-good aliveness so it doesn't fade when you return indoors. The engaging and practical Eco-Art activities she presents in this manual use art as a bridge between your innate, but suppressed natural intelligence and your conscious awareness. These simple, but powerful, paradigm-shifting exercises help you surface your inherited wisdom into your psyche so you can think with it 24/7, making your time spent in Nature, not only momentarily cathartic, but lasting.

Your time has come to reclaim the joys of your birthright. Reconnect with the wild and join the great awakening!

*Note: This workbook is also the text for accredited online Eco-Art therapy classes and professional certification.
