John Martin was getting really turned-on. He felt with his hand to adjust himself when he suddenly realized for the first time that he had been stripped to his shorts and T-shirt. He shook his head to clear it. What the hell was going on? He couldn't be dreaming all this; his balls ached slightly as his rod pushed out the front of his shorts. He looked back at the wall. No wonder he was this rock solid.

He looked, at another photo of the same model. This time the slip had been discarded and she was bending, forward across a dressing table as if checking her makeup in the mirror. This action opened up the lightly furred crevice to reveal her in that enticingly vulnerable pose which invites any red-blooded male to approach things from the rear.

"Enjoying the view?" a voice asked brightly.

John Martin spun round and the chain rattled out its warning of restraint.

"Amy? Amy ... Amy Weston!" he stuttered incredulously. 'What on earth is going on?'"

"Going on? Why, nothing," she replied, ... it's just that you've become our guest for awhile."

If Amy and Sylvia thought their pieces on creative writing were an insightful look into the debased excesses of contemporary life, they are about to be very disappointed. And so they should, Amy's "research" at an adult-movie drive-in, watching the patrons taking their fill of one another in the most lewd of fashions, and German exchange student Sylvia's real-life account of her seduction on a jumbo by a naughty old businessman... what's not to believe? Seeing the work as juvenile, however, their tutor duly gives them 'C's' and with that dashes their hopes at scholarships. But maybe the young nubile nymphs can convince him to alter the marks before finals... and maybe they can open his eyes, and his senses to a whole other world previously hidden to him, a world where there is nothing the sexual imagination cannot fulfil.

Chained to their bed and with a two way mirror completing their "lab", Amy and Sylvia will conduct a series of experiments to see whether they can convert John to the lascivious realities of their morally decadent lives. Before his eyes he will witness lesbian liaisons replete with gamahuching, tribadism, and the use of a device or two, to group swapping with studdly shared boyfriends front and *rear* behind the mirror.

This graphic account of two students' resolve and what they are prepared to do will certainly get them the grade. But will tutor John succumb to their wanton wiles? Absolutely.

Puts the 'A' right in A-Levels!
