## **The Apparitioners** George Witte

The poems of *The Apparitioners* explore the boundaries between us and the world we have colonized, where we find ourselves unsettled by some mystery that cannot be owned. A father tries to calm his daughter, who is troubled by night visitors after a schoolmate is carried away. Having purchased his ideal home in a planned development, a man confronts past ghosts and his own doubts about belonging. And a woman nearly killed by stroke struggles to recover her place in her family and community, but finds welcome from a surprising host. Longer narratives alternate with lyrics that through close observation seek out the natural world, a presence that on occasion offers us a glimpse of purpose. Moving between poles of assurance and unease, secrecy and revelation, *The Apparitioners* is a noteworthy debut.
