National Geographic Photography Guide For Kids Neil Johnson

For the first time National Geographic presents a photo guide especially for kids ages 10 and up. Text, photos, and diagrams combine to teach basic photographic concepts, including composition, lighting, special effects, common pitfalls, etc., using a variety of simple point-and-shoot cameras. A section on digital photography will touch on using computers and the Internet to send photographs to friends and family. Tips from National Geographic photographers will be featured throughout.
