**Math Links: Teaching the NCTM 2000 Standards Through Children's Literature** Caroline W. Evans, Anne Leija, Trina R Falkner

For everyone who loved the best-selling and critically acclaimed Math Through Children's Literature, now there's Math Links. Updated to reflect the NCTM 2000 standards, each of the 36 math lessons complements a picture book and introduces activities using calculators, manipulatives, computers, games, projects, performances, and problem-solving challenges. The direct instruction and discovery strategies are supported by assessment recommendations, extension activities, and software and literary resource lists. Activity adaptations take into consideration learning differences and disabilities.
