Vampire Guts in Nuke Town Kevin Strange

Guts is a bad motherfucker in a bad, bad world. The government nuked the sky seven years ago to combat a super fast spreading virus that turns humans into blood thirsty, ravenous killing machines that look more like giant, mutated bats than people. The new sky kills these "vampires" instantly, but at a cost. The entire planet is slammed with mega-high doses of radiation every time the sun comes up, completely changing life on earth as we know it, and completely decimating what little civilization there is left. In Nuke Town, Guts wakes up in a strange motel with no memory of how he got there. A brother and sister duo are the only two humans in sight, but are they friend or foe? As the paranoia sets in, and Guts begins to understand the true implications of a nest of sophisticated, mutated vampires, he must use all the cunning and skills that his years in the wasteland have taught him if he hopes to survive the horror that awaits him in ...
