## Diane Lewis: Open City: An Existential Approach

*Open City: Existential Urbanity* is an anthology of architecture created and advocated by the students of The Irwin S. Chanin School of Architecture of The Cooper Union in studios conducted by the Architect Diane Lewis, Professor, with a team of notable colleagues from 2001-2014. The drawings and models are accompanied by project descriptions that regard any contemporary intervention into the city as an integral work of architecture, art, and sustainable infrastructure. This volume extends the legacy of Cooper Union's seminal *Education of an Architect: A Point of View* (1972) and *Education of an Architect* (1988). This compendium of 14 years of architectural education is published in part with the gift of the Austrian Frederick and Lillian Kiesler Private Foundation's Young Kiesler Award. This grant is in the recognition of a philosophical bond between the work of Frederick Kiesler and the spirit of these studio endeavors. Essays by Anthony Vidler, Peter Schubert, Francois de Menil, Karen Wong, Monika Pessler, Mary Stieber, David Gersten, Calvin Tsao, Samuel Anderson, Catherine Ann Somerville Venart, Roger Duffy, Mack Scogin, Merrill Elam, Daniel Sherer, David Turnbull, Guido Zuliani, Francesco Pellizzi, Diane Lewis and others.
