The Cleveland Clinic Intensive Review of Internal Medicine

The Cleveland Clinic Intensive Review of Internal Medicine

Now in its revised, updated Third Edition, The Cleveland Clinic Intensive Review of Internal Medicine offers thorough preparation for board certification and recertification exams in internal medicine. It is written by distinguished Cleveland Clinic faculty and serves as the syllabus for the Cleveland Clinic's esteemed internal medicine board review course. The book is organised by topic so that readers can easily focus review time on specific areas. Each chapter contains bulleted lists and clinical vignettes to highlight the most crucial clinical points. Board simulations at the end of major sections enable readers to identify and review weak areas, and a mock board exam appears at the end of the book. This edition's expanded mock board exam consists of 150 multiple-choice questions plus a new section of clinical vignettes to prepare readers for the extended-case-and-question format of the boards. The full text of this edition, plus additional questions and vignettes, will be on our internal medicine specialty site, LWWmedicine.com
