And If the Moon Could Talk Kate Banks

It is night. Inside a house, a child is getting ready for bed. A hall light is switched on, toys and animals are settled in their places. Papa reads a story, Mama comes in to say good night, dreams wait to enter sleep...And if the moon could talk, it would tell of the many different nighttime activities that it sees from its vantage point, outside the house and high, high above.

In this tranquil, evocative picture book, text and pictures illuminate interior and exterior nighttime scenes, showing us what the moon might see-and say, if it could talk.

And If the Moon Could Talk is the winner of the 1998 Boston Globe - Horn Book Award for Picture Books.
