Comparative Tax Law

Victor Thuronyi, Kim Brooks, Borbala Kolozs

Comparative Tax Law Victor Thuronyi, Kim Brooks, Borbala Kolozs

Although the details of tax law are literally endless—differing not only from jurisdiction to jurisdiction but also from day-to-day—structures and patterns exist across tax systems that can be understood with relative ease. This book, now in an updated new edition, focuses on these essential patterns. It provides an immensely useful introduction to the core common knowledge that any well-informed tax lawyer or policy maker should have about comparative tax law in our times. The busy reader will welcome the compact nature of this work, which is shorter than the first edition and can be read in a weekend if one skips footnotes.

The authors elucidate the commonalities and differences across countries in areas including (much of the detail new to the second edition):

- general anti-avoidance rules;
- court decisions striking down tax laws as violating constitutional rules against retroactivity, unequal treatment of equals, confiscation, and undue vagueness;
- statutory interpretation;
- inflation adjustment rules and the allowance for corporate equity;
- value added tax systems;
- concepts such as “tax”, “capital gain”, “tax avoidance”, and “partnership”;
- corporate-shareholder tax systems;
- the relationship between tax and financial accounting;
- taxation of investment income;
- tax authorities’ ability to obtain and process information about taxpayers; and
- systems of appeals from tax assessments.

The information and analysis pull together valuable material which is scattered over a disparate literature, much of it not available in English.

Especially considering the dynamic nature of tax law, whose rate of change exceeds that of any other field of law, the authors’ clear identification of the underlying patterns and fundamental structures that all tax systems have in common—as well as where the differences lie—guides the reader and offers resources for further research.

From reader reviews:

Ruth Walker:

As people who live in the particular modest era should be upgrade about what going on or details even knowledge to make these people keep up with the era that is always change and progress. Some of you maybe may update themselves by looking at books. It is a good choice for you personally but the problems coming to you actually is you don't know what one you should start with. This Comparative Tax Law is our recommendation to cause you to keep up with the world. Why, because book serves what you want and wish in this era.

Jerry Goble:

Often the book Comparative Tax Law has a lot info on it. So when you check out this book you can get a lot of advantage. The book was published by the very famous author. The author makes some research just before write this book. That book very easy to read you can find the point easily after reading this article book.

Harriet Dupree:

The reason? Because this Comparative Tax Law is an unordinary book that the inside of the e-book waiting for you to snap that but latter it will distress you with the secret the item inside. Reading this book close to it was fantastic author who else write the book in such amazing way makes the content on the inside easier to understand, entertaining approach but still convey the meaning fully. So , it is good for you for not hesitating having this ever again or you going to regret it. This excellent book will give you a lot of rewards than the other book have such as help improving your ability and your critical thinking means. So , still want to hesitate having that book? If I had been you I will go to the publication store hurriedly.

Rosemarie Nicoll:

In this era globalization it is important to someone to receive information. The information will make a professional understand the condition of the world. The health of the world makes the information easier to share. You can find a lot of references to get information example: internet, magazine, book, and soon. You can observe that now, a lot of publisher that print many kinds of book. The actual book that recommended to your account is Comparative Tax Law this reserve consist a lot of the information of the condition of this world now. This particular book was represented just how can the world has grown up. The dialect styles that writer require to explain it is easy to understand. The particular writer made some research when he makes this book. Honestly, that is why this book suitable all of you.
