At last, a software book about design! Exploring Illustrator CS is the designer's answer to the age-old question: "Great tool, but how do I use it to create great design?" Written by an experienced designer and workshop leader known for her user-friendly style, Exploring Illustrator CS teaches the must-have software skills and how to use those skills to create exceptional design. The book examines the tools and features of Adobe® Illustrator's newest release and shows how to create vector graphics and drawings for both print and the Web. Extensive artwork is expertly woven throughout the information-packed format to drive home key design concepts and show the way to great digital illustration.
