Field: The Quest for the Secret Force of the Universe Lynne McTaggart

A book which gives scientific proof of the paranormal. Psychic activity, remote viewing, the power of prayer and homeopathy are all discussed in this book which The Ecologist called 'one of the most thought-provoking reads of the year', and which has already gained a almost cult following. Sales Handles: * A highly readable scientific detective story which reveals how 'the Field' a vast cobweb of energy connecting everything in the universe, past and present, is responsible for many of the most profound human mysteries How psychics can read the future and the past; how remote viewing works - and how such techniques have been used by the CIA; how energy healing works; why homeopathy works and all sorts of other mysteries are explored by the frontier scientists Lynne McTaggart has interviewed.
