## **Modern Numerology** Morris C. Goodman

Here at last is a book in the field of numerology that is intelligently organized, well written and easily understood. Students of numerology, as well as general readers, will find this book a welcome relief from the dull style and cabalistic involvements which have been all too prevalent in books on this subject. The science of numbers has always had a fascination for people, and in every age men and women have tried to fathom the secrets of the present and future through the symbolism of numbers. Mr. Goodman has reduced numerology to a simple and exciting exactness, so that the book may be read and used even by those who have never before any knowledge of numerology. Included are tables, charts and explanations that enable anyone to make judgments concerning love and marriage, a career or profession, business and household matters, and all the other things that arise in the daily lives of all of us. Modern Numerology is simple, highly readable, straightforward. It will make many new converts to the science of numbers; and for those who remain unconvinced it will prove at least a fascinating and intriguing pastime.
